

Program Information

- **Appliance Packages:** We're able to read through building plans, drawings, elevations to put together appliance packages for you.
- **Item Selection:** Our selection contains items found on [Costco.com](https://www.costco.com) and also an extended catalog of items not shown on the site.
- **Delivery & Installation:** Our Costco Logistics team performs the white glove delivery and installation and everyone is fully certified with decades of experience on various types of construction sites.
- **Warehousing & Lead Times:** We have 151 distribution centers with capacity to store inventory with lead times to your construction site in up to two business days.
- **Warranty:** Costco offers a two year warranty vs. the typical one year warranty.
- **Support Staff:** Between the central office, technical warranty/customer service center, depot, and delivery teams, you'll receive the highest level of support throughout your project.
