Dear Costco Member,

Costco records indicate that you, or one of your add-on members, have purchased Item #953887 Chambord French Press with 4 Pavina Glasses and/or Item #1136910 Chambord French Press with 2 Pavina Cups

Bodum USA, in cooperation with the U.S. Consumer Product Safety Commission, is recalling certain models of French Press coffee makers with 8-cup and 12-cup replaceable glass carafes (the “Products”) because the glass carafe can unexpectedly break during use if the carafe is damaged or cracked, including by use of a metal spoon to stir the coffee, posing a risk of serious burn injuries.

If you have a recalled Product, please immediately stop using metal spoons or other metal utensils to stir coffee in the glass carafe and contact Bodum USA to participate in the recall.

Consumers with a recalled Product should register to receive a free plastic Bodum stirring spoon (pictured below) and warning label reminding users not to use cracked or damaged carafes, or metal spoons to stir the contents of the glass carafe, which can damage the glass and lead to breakage during use.

If you have a recalled Product, please contact Bodum USA to participate in the recall. You can register for the recall and request your Bodum stirring spoon and warning label online at www.bodumfrenchpressrecall.expertinquiry.com, by phone at 888-879-8213 from 8 a.m. to 5 p.m. ET Monday through Friday, or by email at Bodum3302@sedgwick.com.

Sincerely,
Bodum USA

SAFETY RECALL
